Providence Hill Farm Sporting Club Pheasant Shoot

Pocahontas, MS

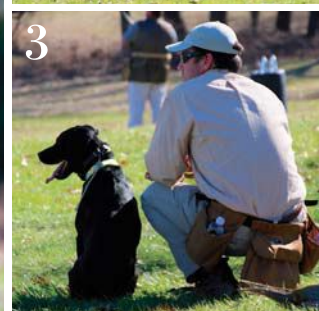

Providence Hill Farm Sporting Club hosted its first social event of the year for members on Saturday, February 7th, with a European-style tower pheasant shoot.

Shooters rotated to 12 stations around the tower from which the birds are released. Taking flight, the pheasant climbed at times up to 150 feet in the air. As shooters rotated, the retriever team went into action working to bring all of the fallen birds back to the stations to be collected and cleaned. A gourmet lunch of pheasant and duck was served by County Seat Chef, Jeremy Enfinger.
